Defeat your Opponents!

— Actions by Character Type

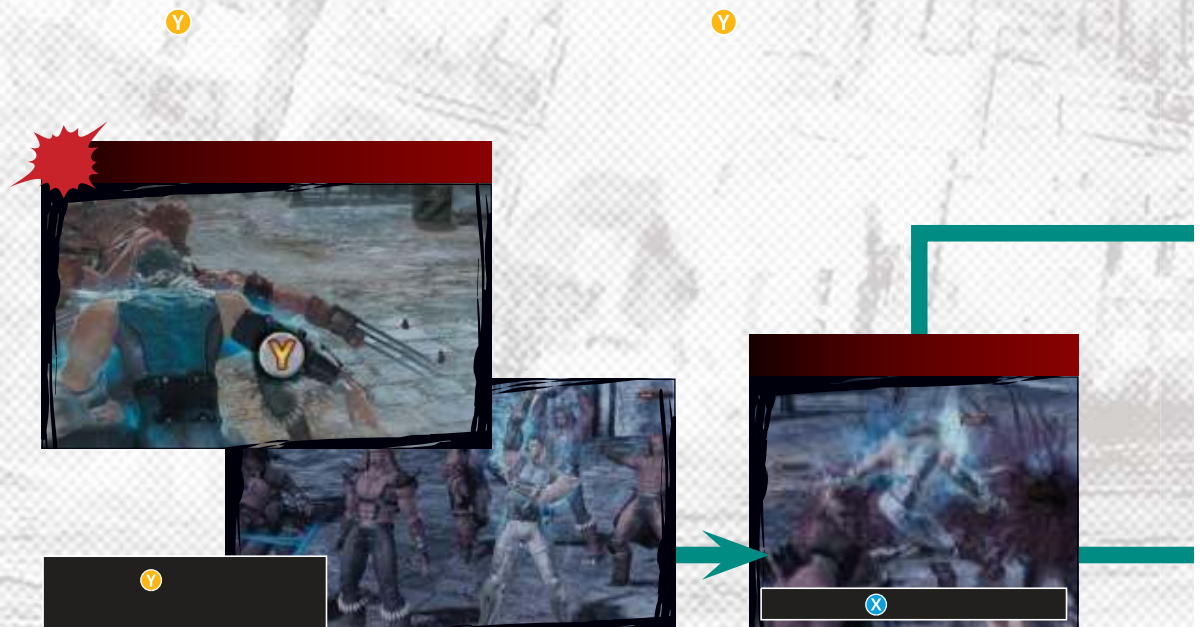

Hokuto Type

Warriors such as Kenshiro that have mastered the art of Hokuto Shinken. Use the proper techniques at the right moment to inflict maximum damage.

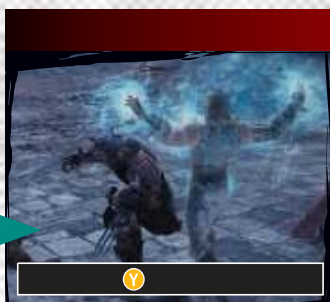

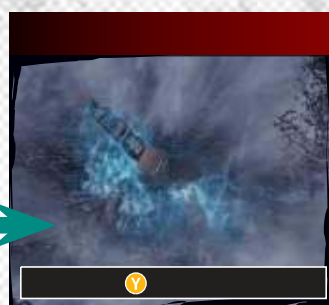

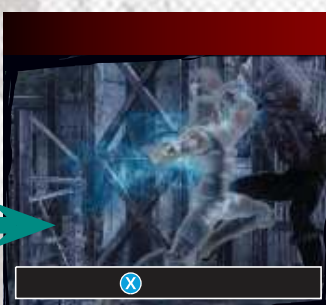

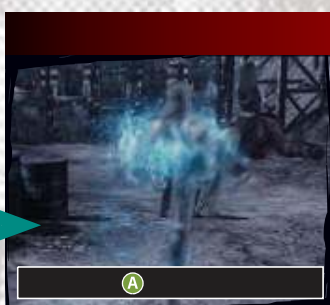

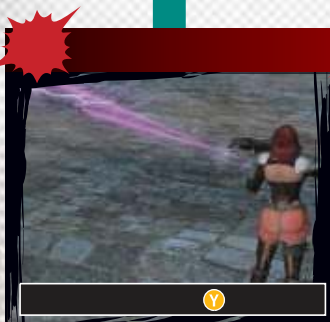

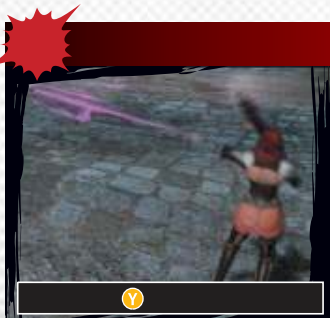

Nanto Type

Warriors such as Rei that have mastered the art of Nanto Seiken. Use Timely Strikes in order to finish off your opponents.

Special Type

Warriors such as Mamiya who specialize in long-range weapons. Keeping your distance from your opponent while using Projectile Charge Attacks is the key to success.

A diagram illustrating the process of leukocyte migration. A horizontal grey band represents the blood vessel. Below it is a light grey area representing the tissue. Several blue star-shaped cells (leukocytes) are shown. Some are within the blood vessel, while others are in the tissue, having migrated through the endothelial lining.
